Dear Mr. McEwan,

RE: Coast to Cascades Grizzly Bear Initiative

On behalf of the BC Wildlife Federation Board of Directors, I would like to inform you that the BCWF supports the Coast to Cascades Grizzly Bear initiative. A return to a healthy population of Grizzly Bears will also be a strong measure to indicate the health of that particular ecosystem. We believe that the reintroduction needs to be supported by habitat and population objectives for grizzly bears and other wildlife in the area.

Please keep us informed on the progress of this initiative and any further support that you may require in the future.

Yours in Conservation,
